

Custom -made production

karton

board games manufacturing

As a well-experienced European toy and custom-made goods producer we are ready to offer comfortable service when processing your order. Competitive prices and superior quality are obvious thanks to our advanced sophisticated technologies. Production time is also one of our strong points. We cooperate with a wide range of reliable sub-suppliers (printing companies, paper mills, plastic injection mouldings, tools makers, wood and metal producers). We are proud of our references in custom-made products business (T-mobile, banks, pharmaceutical companies, FMCG producers, DIY chains suppliers etc.).

We will be very pleased to meet your demands.

game boards with folded edges, concertina books and folders
